Ok Doug. I included your information and sent to CILA. Just waiting to hear back.
Probably won't be a call in.
Best to you and your family.
Steve

Please send me the agenda as soon as you have it finalized so I can share with my boss and the congressional folks.
Also, I'm heading home so won't be able to make it tomorrow or, likely, for any meetings this week. Please let me know if I can call in. thanks, Doug

Over the last few months. We're trying to get a handle as to what percent of their wastewater flows were treated during the rainy months (vs.discharged to the river). (b) (5)

ITP and SADLB flows ---- during the event, in general or what. I can provide flows to ITP

>>> "Liden, Douglas" <Liden.Douglas@epa.gov> 3/6/2017 1:44 PM >>>

Two additional items from my boss:

- Other known collection system issues in January and February?
- Summary and analysis of flows to ITP and Punta Bandera

Doug

Doug  
I can't get to that document. Is EPA using OneDrive now or were you trying to post to the sharepoint I shared with you and Hiram.

Liden, Douglas has shared a OneDrive for Business file with you. To view it, click the link below.

 [Draft agenda binational meeting for Feb 2017 spill into Tijuana River\\_DL.docx](#)

Thanks. (b) (6)

Attached are my comments to the agenda. Do we really need two days? Seems like we could cover this in half a day (minus tour) if CESPT comes prepared.

Also, can you send me again the final agenda for the minute 320 meetings tomorrow?

Thanks, D
